

An Introduction to Slipcovers

1. Email pictures of the piece from several different angles. Along with height, width and depth dimensions. Please specify how many separate cushions there are and any other specifications you would like for the piece (for example whether you desire to have a skirt, and if you would like a gathered skirt or a straight skirt).
2. From the dimensions I will give you a yardage estimate using the following chart <http://www.abundantlivinginteriors.com/Reupyardage.html> I do not supply fabric but refer to the following local fabric stores.
 - Zoma Style, Red Hook NY appointment only 845-876-2888
 - Village Fabric Shoppe, 7578 N Broadway #4, Red Hook NY 845-758-8541
 - Fabric Warehouse, 758 East Chester St., Kingston NY, 845-336-5600
 - Jo-Ann Fabric, 1385 Ulster Ave, Kingston NY, 845-336-5419

When picking out fabric, be aware of the fabric care. If your goal for a slipcover is to have it easily washable purchase a fabric that is machine washable. (If you purchase machine washable fabric I will wash and dry it before making the slipcover to prevent excessive shrinkage in future washing)

3. Once you have your fabric in hand my husband and I will set up a time to pick up your piece (free of charge within a 20mile radius of Red Hook). I will keep the piece for approximately three weeks.
